Commencement Exercises at the Loretto Academy.

St. JOSEPH'S CONVENT GIVES ITS ANNUAL EXHIBITION.

Our Graduates at the Loretto—An Excellent Programme Rendered in Splendid Style—Some Novel and Beautiful Talents Given by St. Joseph's Girls.

The commencement exercises of Loretto Academy took place this afternoon at the Exhibition Hall of the Convent on Jefferson Avenue and First street, which had been decorated with palms and plants for the occasion, several tables covered with books in bright bindings and medals of gold and silver with blue and white ribbons lending color to the scene. There were four graduates; these were the Misses Nathalie Hopkins, Edith Thiel, Mamie Collins and Mamie Quinn, the first three young ladies wearing costumes of white silk mesh over white moire, trimmed with ribbon, and Miss Quinn's toilet being of white satin duchesse. About 100 pupils having entered and taken their places in the hall, an overture by Rosina was played by twelve young ladies, the Misses May Lindsey, Edith Thiel, Nathalie Hopkins, Annie Kohn of Montgomery, Ala.; Minnie Fox, Mamie Quinn, Nathalie, Carrie and Anna, all of whom sang solo Edwards. The graduates were then presented with crowns of laurel, after which the medal for "Christian Doctrine," which had been given to the most young ladies, was awarded to Miss Annie Kohn. The senior vocal class then sang "Hearts Light Up" and "The Spirit of Prayer." The medal for excellence in English was given to Miss Edith Thiel, it having been won by that young lady, although merited by others. The soloists who sang in the programme was the vocal solo, "The Holy City," by Miss Nathalie Hopkins, accompanied on the piano by Mrs. Minnie Fox. Mamie Collins then delivered an essay entitled "Palestine," after which a brilliant instrumental number was rendered, "Spanish Dance," in which were six pianos, three tambourines and three triangles. At the conclusion were the Misses Cecilia and Carrie, who sang a solo, "The Star," Mabel Hopkins, Katie McDaniel, Emily Loire, Jessie Matthews, Leonie Friedman, Leonie Friedman, Jessie Ryan, Mary O'Brien and Mary Lindsey. The chamber players were the Misses Stella Garbarino, Florence Cafarella and Mamie De Donato, while the vocal trio sang a solo, "The Star," the Misses Matilda Salkirk, Mary McDermott and Mamie Woods. An essay by Miss Mamie Quinn entitled "Contentment," followed. The girls then sported themselves being presented with the medal for politeness, which had also been merited by several others. The little singing girls' program was very favorable received. It was carried out by thirty little misses dressed in pretty costumes, and carrying tiny pianos, which they played, while the movements and then sang an amusing song, in which the illustrations were given by simultaneous movements of the girls.

OLD HOTEL BURNED.

The Eckington, in the Suburbs of Washington, Destroyed About Midnight.

WASHINGTON, June 20.—The high waters of the Missouri River have so far encroached upon the railroad tracks of the Santa Fe system in East Atchison that they have been abandoned. Trains are now run over the Rock Island tracks. In many places the water is not over eight feet deep. The Santa Fe tracks are about 100 feet from the river bank. The Rock Island tracks are only a few feet inside of the Santa Fe, and it is very probable that they will be given up in a day or so as the water continues to rise. Trains have worked for a month putting in riprap work here, but were taken off last Saturday, hence the dangerous condition of affairs.

The board in this respect then enters into a dissertation of the merits of the "Stone Law" for removing the 25 percent limit provided by the charter. In the opinion of the board the principle of assessing the greater part of the cost of an improvement upon a district according to area is correct. The proportion to be assessed on frontage may now be compromised as one-third for the whole city, or better left to the discretion of the majority, especially in the case of the remainder to be assessed against each lot in a district, to be established and defined in a manner that will not interfere with the proportion that the area, or total lot in the district bears to the total area, exclusive of streets and alleys.

With these amendments the board believe that the stone law would prove a practical and just tax, and that the amount levied upon property owners compared with the charter provisions, will be equitable in the distribution of that burden.

The board accepts the existing conditions at the best which could be adopted.

Complaint is made against the law concerning the assessment of growth which is classed as "an obstacle to progress" in making new streets, and which have always been at times secured by property owners against the city. This is especially noticed in the older portions of the city.

The board expresses its sympathy with the movement now being made by the architects and surveyors for the construction of an extensive down-town boulevard system, though it fails to see how it can be done.

In its opinion, however, public safety demands the immediate widening of Eighteenth street from Clarkavenue to Chestnut.

In connection with the Water Department, the increase in the consumption of water is probably due to the fact that steps to stop the illegal meetings which are held every Sunday in Ireland and which, according to Mr. Russell, foster agrarian crime.

SECRETARY FOR IRELAND.

Motion in House of Commons to Reduce His Salary.

LONDON, June 20.—In the House of Commons to-day, during the discussion of the civil estimates, Mr. Hugh O. Arnold-Stewart, member for the West Division of Belfast, moved to reduce the salary of the Secretary for Ireland. He complained that the speeches of the Irish members of Parliament had resulted in assaults upon a number of persons, injury to property and the revival of horrore.

T. W. Russell, member for the South Division of Tyrone, in seconding Mr. Arnold-Stewart's motion, said that he had been asked to take steps to stop the illegal meetings which are held every Sunday in Ireland and which, according to Mr. Russell, foster agrarian crime.

MAITÉ HAS NOT RESIGNED.

LONDON, June 20.—There is absolutely no truth in the sensational story circulated in the United States by a news agency to the effect that Sir Edward Malet, the British Ambassador to Berlin, has resigned. The story cabbed here yesterday was in substance that Sir Edward Malet had resigned, saying that he could not longer represent the Government of England to represent the interests of England at the court of the Kaiser, since, owing to the court of the Emperor has been lost.

The story that two Americans have been slain by cannibals on Tabor Island, off the coast of Brazil, is denied by the American Consul there, who says that the报告 is unfounded. A plan of house filtration is suggested. An increase in the number of drinking fountains in the locality is recommended.

In regard to severe work the board says that all that they have recommended for the construction of new roads to meet the demands of the rapidly growing population.

The report closes with a short reference to the paving of harbors and wharves, and the workhouse, with a recommendation that the inmates of the latter be used in river work.

MAINTAINING A NUISANCE.

Offense Charged Against F. L. Raichley, Who Runs a Shooting Gallery.

At the instance of Robert H. Goode, attorney of the First Street Improvement Association, a warrant was issued to-day for the arrest of F. L. Raichley for maintaining a nuisance in the Second Street corner of Pine and Ninth Streets.

Mr. Goode, who is Spanish Minister of Colonies, was sent to the United States to appoint representatives to a mixed commission to investigate the American revolution in Cuba.

Mr. Goode has been appointed to a

commission to inquire into the conduct of the Spanish government in Cuba.

CRISES IN BRIEF.

Gus Simmons, a desperate negro, killed Sam Stewart and mortally wounded Calvin McNamee, both colored, near Fulton, Ark., Monday night.

Councilman John T. Callahan of New Orleans has been indicted by the Grand-jury of that city on a charge of receiving \$2,500 to secure rates for switch privileges for Chas. E. Webb, president of the New Orleans Railroad.

Samuel Webb was arrested in Jacksonville, Fla., yesterday for presenting a draft for \$600 to H. L. Johnson & Son for \$400 worth of goods purchased, which is believed to be a forged bill.

Edward Dohart, aged 15, fatally wounded Will Ricks' home. Ricks objected to Dohart's attempt to shoot him.

A man, a farmer, living near Mount Carmel, Ill., was robbed of \$1,000 yesterday.

Seventy-five farmers of Mason County, Ky., have filed a suit against the State of Kentucky, whose horses were believed to have been stolen.

Two of the horses live at Gallipolis, Ohio.

NEEDS OF THE CITY.

Recommendations of the Board of Public Improvements.

PROPERTY OWNERS SHOULD PAY ONE-THIRD OF STREET RECONSTRUCTION.

The Change of Grade Law Announced—Need of Railroad Bridges—Eighteenth Street Should Be Widened at the New Union Station—Bids on Alley Paving—City Hall News.

The annual report of the Board of Public Improvements was this morning submitted to the Mayor for approval. It is a lengthy document covering about 100 pages of type-written matter.

It commences by stating that since the adoption of the city charter in 1876 the city has fully doubled its population and has extended its actual occupancy of the ground far beyond what was deemed probable at that time. With this growth new conditions have arisen, diminishing the ratio between the portion of municipal revenue which can be set apart for public work and the urgent needs of such improvements. This has made it necessary to transpose as far as possible from the public purse to assessment against the property benefits.

One step of the change was the creation of sewer districts of large areas. Another

change gradually came in through the inadequacy of appropriations for grading and improvement of streets, whereby the rush of demands for street work preference was openly given to cases where property-owners would agree to pay the whole or a part of the excess of the assessed valuation.

The board then states that the property

benefits of the city are not to be measured

by the size of the property, but by the size of the property.

It is recommended that the property

benefits of the city be measured by the size of the property.

It is safe to say that the coppers on a dead darkey's eyes would never get through the Morgue.

THE coal strike is not all over, but there are gratifying indications that this result is speedily approaching.

THE Carnegie telescope at Pittsburgh, when it is complete, will reveal the blow-holes in the heavenly bodies.

We can almost see already on the banner of the Colorado delegation, "For President, T. Brackett Reed."

UNCLE SAMUEL says, "Two cents, please," to the multi-millionaires, and their organs call it "inquiry."

THE Democrats went into the campaign of 1860 with a promise. In 1894 they can offer only an apology. This is not progress.

UNLESS the Democrats bestir themselves the Republicans will have a chance to deal with that Harrison-McKinley deficiency themselves.

PERHAPS ex-Speaker Reed hopes to convince the Republicans that they will not have to go West to get a candidate with Western ideas.

FOUR COURTS practice is rapidly degrading the change-of-venue privilege into a mere device to help criminals to postpone and dodge trial.

THE people are paying heavily for the "piping times" in the City Hall. Another tax is proposed to complete the new municipal building.

An alliance between protection and free silver would find no parallel in the annals of miscegenation. But politics sometimes makes strange bedfellows.

DOUBTLESS it was a subtle recognition of the fitness of things which induced the Appropriations Committee to let Col. Breckinridge handle the general deficiency bill.

A SON, a wife, or a stupid butler will do just as well as a wicked partner. Vicious rascality manifests itself in many ways among Senators and Cabinet Secretaries.

HOMO CHOKER gets out of politics and out of danger at the same time by getting out of reach of a committee's summons. He has not read the history of the Tweed Ring for nothing.

JOHN H. SEARLES, Secretary and Treasurer of the Sugar Trust, is Senator Aldrich's partner, but doubtless the good people of Rhode Island look upon Searles as the wicked partner of the firm.

POPULAR noise and clamor are not sufficient to smoke out objecting Senators, but the hot weather may affect their thick skins and make them hurry. They are beginning to see that the tariff is a burning issue.

THE Republican Convention of the Twenty-first Illinois District was not bold enough to express itself on silver and fall back on the national platform. The Twenty-firsters are not courageous politicians.

THE question in the Mullany case seems to be whether the fund shall be used to relieve the distress of the needy or the avarice of jobbers. It ought to be as easy for decent officials to enforce the law and carry out the spirit of the charity as it is for the jobbers to defeat a purpose so nearly set forth.

THE indignation of the Humanity Club over the objections to the appointment of a woman guard at the jail to care for women prisoners is well founded. That such an appointment, dictated by all the

considerations of humanity and decency, should meet with respectable opposition is matter for wonder.

COL. BRECKINRIDGE starts back to Kentucky to-morrow to resume his campaign for a renomination, and expresses confidence that he will win it. Many Republicans in the Ashland District are hoping that he may. A Republican Congressman from that part of Kentucky would be a welcome bliss to the g. o. p.

THE declaration of Mr. C. P. Huntington that the Pacific Railroads "will not accept" the terms offered in the amended bill before the Railroad Committee of the House has not the quality of humility usually expected in a bankrupt debtor. But times have changed since creditors were the ones to accept or reject terms.

CONGRESSMAN FITZHIAN of Illinois says that the Democratic party has carried many a heavy load, but cannot carry Cleveland in that State and win this fall. He therefore protests against any unqualified endorsement of the Administration by the Democratic State Convention of Illinois. He scores very close to the truth when he asserts that the Democratic voters of Illinois would vote ten to one against any such endorsement.

THERE is a good lesson for the municipal authorities in the decision of the Supreme Court holding the city jointly responsible with a firm whose obstruction of the street caused the infliction of injury upon a citizen. The authorities are too careless in the matter of street and sidewalk obstruction. A permit seems to cover any amount of sins of this kind and this court decision is a fair warning that the rights of citizens must be protected and the streets kept clear and safe.

DR. TALMAGE is on his tour around the world meeting with much personal adventures. As his train was approaching the Pacific Coast the curtain of his sleeping-car berth was thrust aside, a feminine face appeared and a feminine voice shrieked, "Who are you, and where are you going here?" Thus rudely aroused the good doctor tried to find his trousers to get his card, but had misplaced them and was obliged to answer that he thought there must be some mistake. And there was. Sleeping-car curtains are so much alike, and feminine passengers so suspicious and hasty, that even the best of men may get into trouble by attempting to tour by rail.

THESE is some prejudice against poets, and perhaps they do sin, but the more successful of them are punished in this life; yet there is one. The consummation of the corrupt job of the Sugar Trust and of other "concessions," wrung from the Finance Committee by "combinations" attorneys, would be the culmination of the party's disgrace.

It would be hard to conceive a greater shame for the Democratic party than this; yet there is one. The consummation of the corrupt job of the Sugar Trust and of other "concessions," wrung from the Finance Committee by "combinations" attorneys, would be the culmination of the party's disgrace.

THE scandalous story of trust bribery and Senatorial speculation is known to the whole country. It is too heavy a load of corruption for the Democratic party to carry. It involves so vile a betrayal of the people for the benefit of organized greed that its approval would invite popular wrath. The Democrats must choose between smashing the tariff jobs or smashing the party.

THE CORPORATION "FULL." Councilman Ferries gave a well-deserved rebuke to his colleagues—Messrs. Wehner, Cullinan, Clark and James—who made a successful effort last night to prevent the defeat of the bill to relieve the St. Louis, Oak Hill & Carondelet Railway from the obligation to run a late night train.

As Councilman Ferries said, this night train is a part of the contract by which the franchise of the road was secured. It was one of the inducements held out for granting the franchise. The people who live along the line depend upon it. Many of them may have been induced to take up their residence there because of this night train. Like the pistol in Texas, the late suburban train "may not be needed often, but, when it is needed, it is needed bad." It is undoubtedly of great value to suburbanites.

THE sole reason for rescinding the part of the franchise contract requiring this late train is that traffic does not at present warrant running it and it costs the railroad something. In other words a fair contract for a franchise of great value is to be abrogated and the interest of the people sacrificed in order to save the Gould system a few dollars.

ONE of the favorite methods by which franchise-grabbing corporations get the best of the city is to offer the public special advantages in the original bill and then get the Municipal Assembly to strike out these advantages afterward. In the main every such amendment of a charter in favor of the corporation is a fraud and an outrage, and the men who vote for them show their willingness to favor the corporation at the expense of fellow-citizens who have intrusted their interests to them.

LUCKY PENNY.**

How She Came to the Camp and Brought Good Luck.

THE SEQUEL TO A GOOD DEED.

It is Saturday night on an Australian gold field. The bar of the Jolly Diggers is crowded.

News has gone abroad that Dog Kellarey has broken out again, and as he always takes care to have his little bouts remembered a crowd soon collects.

On this particular Saturday he has set himself to the conclusions with Kangaroo Jack of the Mides cism. It is a gorgous struggle; well-eyed Bill, who is exacting in such contests, is compelled to admit that they might anyhow and everywhere, under tables and under chairs, while the lamps flared, the dogs
